EVENTS

46th Bain Fallon Memorial Lectures
 19-23 July 2026 | Albert Park, Melbourne
 Sports Medicine | Lameness | Endocrinology | Surgery

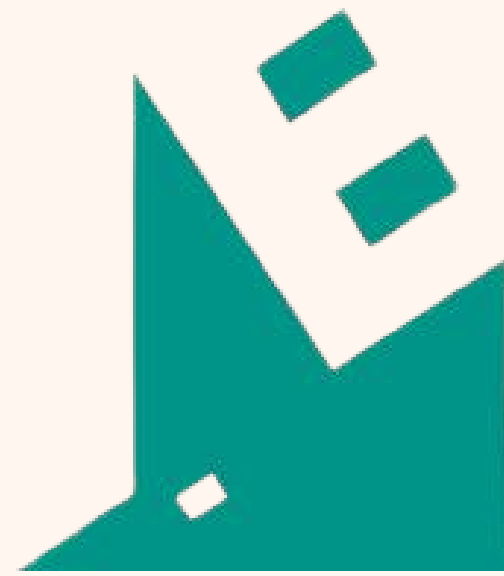

Our team will be attending the 46th Bain Fallon conference in Melbourne.

We have a lead in promotion for this event with an accommodation voucher on offer for one lucky winner! For more information reach out us at orders@ellar.com.au

If you are attending the conference, come visit us in the exhibition hall between July 19th - July 23rd.

We will have event specials and stamps for passport prize entries.

ELLAR SERVICE UPDATE

NEW PRODUCTS AND PRODUCT UPDATES

ilium Syntocin is having a product update to increase the shelf life back to 24 months, to obtain this increase to shelf life the new version of **ilium Syntocin** will be required to be stored between 2-8 degrees for transport and storage. A price increase will happen on this new version

ilium Syntocin
Important storage and shelf life update

STORAGE CONDITIONS
Store between 2°C and 8°C (refrigerate, do not freeze).

SHELF LIFE
24 months from date of production.

RETURN INFORMATION
Please note: returns are not available for this product.

To support extended shelf life, ilium Syntocin must be stored and transported in a temperature-controlled environment.

Effective from 8th July 2026. Always follow product label instructions and veterinary guidance.

Available from July 8th.

Duotic® Ear Gel for Dogs is the first registered veterinary, antibiotic-free, long-acting combination of steroid and antifungal, specifically developed for the treatment of Malassezia-only canine OE.

Two doses, applied 7 days apart.

Each single-dose tube contains two active ingredients:

- Terbinafine – potent antifungal targeting Malassezia
- Betamethasone acetate – potent steroid to reduce inflammation and discomfort.

Available to order now.

New from Dermcare, **Malaseb EVO** medicated shampoo is an antibacterial and antifungal shampoo for cats and dogs. It is formulated to clean the skin, reduce scale and kill microorganisms which cause primary and secondary dermatitis. **Malaseb EVO** contains the same proven actives as Malaseb Medicated Shampoo in a milder formulation

NEW from DERM CARE
Evolved formulation. Same proven actives. Milder surfactants.

Available to order now.
